AMENDMENT AFTER FINAL REJECTION

Sir:

In response to the Final Rejection, dated December 03, 2003, having a period of response set to expire March 3, 2004, Applicants respectfully request reconsideration of the application in view of the remarks below.

Amendments to the Claims are reflected in the listing of claims which begins on page 2 of this paper.

Remarks begin on page 4 of this paper.

Claims 1, 2 and 7-17 are rejected under 35 USC 112, second paragraph as being indefinite for reciting "stringent conditions" or "highly stringent conditions" which the Examiner contends are not described in the specification in such a way as to define these terms. The Examiner alleges the specification does not describe the full breadth of what is encompassed by these terms and although the specification provides one algorithm for determining "highly stringent" conditions, it does not provide any other algorithm that may be used or how to determine "stringent" conditions.

Applicants have herein amended claims 1, 7, and 16 to eliminate recitation of "highly stringent" or "stringent" conditions. Applicants submit that as amended herewith, the Claim 1, 7, 16 and the claims dependent thereon comply with 35 USC 112, second paragraph, and respectfully request that this rejection be withdrawn.

In view of the foregoing, Applicants have amended the claims to place the application in condition for Allowance. Applicants respectfully request that a timely Notice of Allowance be issued in this case.

If there are any fees due in connection with this communication, including any fees for a required extension of time, such an extension is requested and the Commissioner is authorized to charge the fees to Deposit Account No. 19-0134 in the name of Novartis.

Respectfully submitted,
